WELCOME TO WELLBEING

World leading companies understand the importance of implementing strategies & procedures to ensure optimum levels of employee engagement.

Wellbeing of employees is directly aligned with company performance. If you want to lead the field staying ahead of the competition by retaining and attracting the best talent then employee wellbeing & engagement is essential.

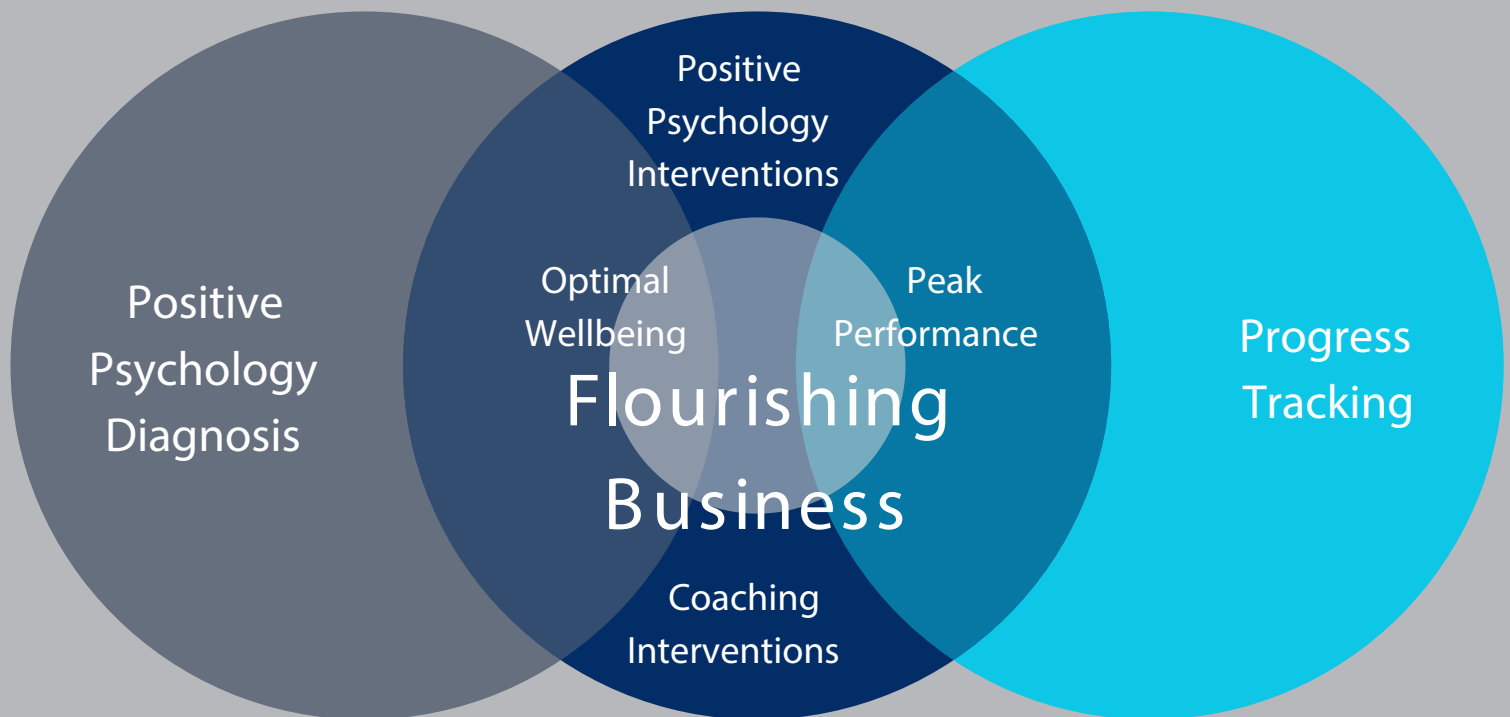

VALUE YOUR EMPLOYEES & THEY WILL TAKE CARE OF YOUR BUSINESS.

- Do your employees feel valued?
- Do customers return & stay loyal?
- Are employees engaged within their roles?
- Are working relationships positive?
- Is your financial performance at its peak?

If you answered no to any of these questions its likely this is having a domino effect in one or all areas of your business.

OUR BESPOKE SERVICE

A bespoke designed intervention program tailored to completely transform your company or department to a place of optimal wellbeing, happier employees, peak performance and a flourishing culture where clients can't wait to do business with you!

We only use proven methods backed by science!

THE PROCESS

Here we step into your world!

Getting to know you phase

- *We learn your company values & services.*
- *Who your employees & customers are?*
- *Your strengths & development areas.*
- *Company culture & environment.*

The science phase

- *We diagnose why & how issues manifest.*
- *Use proven methods to create shifts to achieve the desired results.*
- *Remove obstacles that stop your team from delivering optimum results.*
- *Create a tangible matrix for you to map the impact of the program from employee engagement to customer retention.*

Interventions phase

- *Using a variety of positive psychology & coaching interventions.*
- *Online options.*
- *Workshops.*
- *Coaching sessions.*
- *Ongoing training.*

Our formula uses practical, realistic applications backed by scientific theory!

The Results

- *Attracting the best talent worldwide.*
- *A happier working environment.*
- *Employees who resonate with your values.*
- *Increased company performance.*
- *Customers who can't wait to buy into your services.*

MEET US

Alan James Gammon

With 30 years' experience in the airline, hospitality and real estate sectors. I bring a wealth of business knowledge to any business helping organisations fulfill their potential and increase profits.

As a specialist in executive coaching and sales management I understand the complex relationships with the ability to engage with employees at all levels in an organisation.

Being a member of executive teams, I restructure businesses with an innate ability to create relationships based on openness and trust leading to high achieving result driven corporations.

Charlotte Lousie

With a background in education and wellbeing I have a passion for developing people to reach their potential. I enjoy developing high performing teams in a multicultural environment.

Utilising the latest scientifically proven techniques and developing programs that deliver tangible results. I work closely with business principles to address business shortfalls and help them create a positive environment where their people grow and their business flourishes.
